PMP® Training Description

About PMP® certification

Project Management Professional (PMP)® is a global credential offered by PMI® Inc. PMP® Certification is a globally recognized, rigorous, education and/or professional experience, and examination-based credential program. It helps one understand the global language of Project Management and connect with Project Management Professionals. PMP® certified professionals earn a higher salary than those not certified.

About edureka's PMP® exam preparation course

Edureka's PMP® Exam Prep course will help you earn 35 PDUs/Contact Hours by completing the entire course. The goal of this course is to empower the current and future Project Managers to manage the project more efficiently and effectively throughout the Project Management Life Cycle. This course is taught by PMP® Certified Trainers, who have years of experience in training. These instructors have been practicing Project and Program Management with some of the top organizations across industries. They leverage their rich, hands-on industry experience to help participants understand the practical application of all the 10 knowledge areas covered in 'The PMBOK® Guide' (A Guide to the Project Management Body of Knowledge) – Sixth Edition, aligned with the latest PMP Examination Content Outline 2021.
