Testimonials

Akash C.R

The teachings of Mr. Abhijit Paul is pentastic. He is crystal clear, vivid, entertaining and his examples are contextual. He is really a navigator and eye-opener for the aspiring traders like me. His teachings have started to mean a lot to me personally. Hope that these classes bring me a paradigm shift in my market outlook. Thanks for this opportunity.

Divyanshu Kumar

I, Divyanshu Kumar, student of CRTA wanted to share my experience at Kredent Academy. I am enjoying the classes as it includes both practical and theoretical classes. I would like to appreciate Suchi maam for a great training. The newspaper training session is one of the best which I have never seen in any academy. The coordination team is too good.
